RE: United States of America v
Willie Davis Dewhart
Cr No. 2:06cr94-WKW

Dear Susan,

In response to your request regarding my performing a Psychological Evaluation on Willie D. Dewhart, a federal prisoner incarcerated in Montgomery, I am willing and able to perform this evaluation. I would prefer to do the evaluation in my office in Mobile. The facilities in the Montgomery Jail are extremely limited and it is very difficult to conduct an evaluation in that facility. Even if a reasonable evaluation area were provided, which has not been the case in the past, it is not possible to transport all of the test equipment which I might need to be thorough.

If it is not possible for this patient to be evaluated in Mobile I will be happy to do the best that I can in the facilities which are afforded in Montgomery.

Awaiting your response in this matter I remain.

Sincerely,

Daniel L. Koch, Ph.D.
Clinical Psychologist
